

February 2016 Teacher's Report
February 9, 2016

- Catholic Schools' Week took place at the beginning of February. We had Catholic trivia games, staff versus student competitions, and a banner-making activity with Holy Cross. It was a very successful celebration of Catholic schools.
- Students are collecting socks for the poor. Three staff members went to deliver these socks last week.
- Thursday and Friday was the FISA Conference. Keynote speakers included Daniel Pink and Chris Hadfield. We also heard from 5 graduates of FISA schools, who shared the contributions they have made to society since graduating. The conference ended with Mass at the cathedral.
